

Host Geek Sales Affiliate Agreement

As used in this Agreement, "us" and "we" means Host Geek and "Customer", "you", or "your" means you. When placing an order on our website, by ticking the Terms and Conditions box, you acknowledge that you have read the Agreement, and you agree to its terms and conditions and all policies posted on the Host Geek web site. As referred to in this Agreement, "Site" refers to a World Wide Web site and "Host Geek Site" refers to the Site located at the URL <https://www.hostgeek.com.sg>, or any other successor Sites owned or maintained by Host Geek.

All affiliates of Host Geek must abide by all the terms set forth in this document and all other policies. Violation of any of these terms can result in the immediate termination of an affiliate account. Terminated accounts will NOT be paid any pending affiliate commissions.

1. Intent of our Affiliate Program

Host Geek's Affiliate Program allows organisations and individuals to collect a commission for referring qualified clients to Host Geek for web hosting and associated products/services.

2. Referring Customers

When you sign up as an affiliate, Host Geek will provide you with an affiliate ID.

A valid 'affiliate ID' is a code assigned to an 'active' affiliate, it is a unique code that records any sales that are made as a direct result of your referrals.

A 'referral' is an account that signed up with Host Geek and placed a sales order using a valid affiliate ID.

Ways to record referrals against your Affiliate ID code

1. Your Affiliate ID code is used at the time of placing a sales order. Notated in the comments sections of the sales order.

- Using graphics or text links provided by Host Geek on your website.

These links will contain a query string value with your affiliate ID. When you send visitors to Host Geek, we create an affiliate cookie which is sent to the visitor's browser. The browser then creates a cookie file that contains your affiliate id. As this visitor has now been "cooked", if he/she goes on to make a purchase Host Geek will read the cookie on his machine and attribute the sale to you. The visitor does not have to purchase immediately. As long as the purchase is made before the cookie's expiry date (30 days) you will receive the credit.

- Should your affiliate ID not be recorded at the time of placing the sales order, you may contact Host Geek and inform them of the details of a referral. Once our staff can verify this information as a valid sales order, our staff will record your Affiliate ID against the sales order. Note you must contact Host Geek within 30 days of the sales order being placed.

You may apply for inclusion in the affiliate program using the Host Geek client portal. Applicants may be reviewed and either approved or denied by us.
